APG Offers Discounted Course to Members

As sponsors of the APG class scheduling, members of the Portage Rod and Gun Club are being offered a discount on an upcoming Concealed Carry course.

Dominic Ferraro (seen here with Governor Scott Walker) is the President of APG and personally manages its daily operations.

“We are offering a special discount to members (and spouses) of the Portage Rod & Gun Club for our upcoming Wisconsin Concealed Carry - Basic class scheduled for 10/09/2011 (9 a.m. to 5 p.m.). This discount will give members \$25 off of our normal \$125 price...8 hours of training for only \$100!”

Here is the link that members and their spouses should use to register:

<http://events.constantcontact.com/register/event?llr=iybyvofab&oeidk=a07e4xwlf1k60595911>

“This link is ONLY to be passed on to members/spouses of the club and we will verify that those who are signed up with that link are, in fact, club members/spouses. Pre-registration is required.”

If you want to find out more about the class itself, use this link:

<http://www.apgwi.com/#%21vstc0=training>

You can paste the links directly into your browser window. Feel free to pass this information on to other members.

Hollow Point Defensive Shooters

We have a number of people in our membership who belong to a group called the Hollow Point Defensive Shooters. You may have seen listings on the Event Calendar that indicate when they will be using the pistol range.

Shane Marquardt, one of our Board members has been to several events and recommends others to check it out. “The pistol shooting there is working out great.” Shane also mentioned to me that it “would be nice to get the word out that our gun club is offering more options.” Okay, I can take a

hint. If you're interested in finding out more about these meets, check out the event calendar at

<http://www.portagerodandgun.org/events.htm>

Look for upcoming times in October and November.

Keep Those Newsletter Subscriptions Coming!

The online newsletter continues to be a success. Currently over 25% of our members are receiving the newsletter via email and the list is growing. However, there are still many people who have not yet signed up for it. Unfortunately, they are missing out on important updates that can't make a printed copy in time. Case in point; the current members-only offer for APG training cannot be printed, collated and delivered in time to take advantage of the deal. Makes sense to sign up!

Hunting Season, Folks - Are You Sighted In?

Just a reminder to members who haven't sighted in their rifles yet, now is the time to start thinking about stopping at the range.

New target holders have been fabricated to handle the shooting traffic, so give them a try.

It's a very simple design, cheap to build and easy to maintain. The railroad ties are buried flush with the ground to make grounds keeping easy. There are six new target holders at the range now. I can tell you first hand that they work great.
